MARCH 2024 NEWSLETTER

Cover Image

Learners during a Creative Arts lesson in colouring and board games.

Dear friend,

Much greetings to you coming from the Centre. We hope that you are in good health so does our teachers, support staff and learners here at Boston.

The third month of term one academic year 2024 has come to an end. We give thanks and praise to the living God.

At the beginning of the month, the learners were still on their mid term break before resumption of part two of the term in the second week of March.

End term examinations began in the final week of the month just before Easter Holidays. Closing of school for term one holiday was scheduled for the first week of April. We wish all the learners a good rest during the holiday season.

Thank you so much for supporting our projects. We look forward to working together with you for many more days to come.

May God bless you ,your family, friends and relatives.

**Kind regards,
Chispine Ochieng.**
